Dear Prospective Member:

Let me take this opportunity to thank you for inquiring about our club. Wild Wings of Oneka was established in 1956 making us the oldest hunting club in the state of Minnesota. We have a long and rich history, and we are proud of our facility. We would like to personally invite you out for a tour of the club at your convenience.

Why a hunting club? You are obviously interested in a facility like ours, but why? We find our members join for a variety of reasons, here are some of the more common ones: Wild Wings provides a great place for the beginner. That can be a young hunter, or a young dog both just beginning their field experiences. Here at Wild Wings we can provide real conditions under a controlled atmosphere. Secondly we find a hunting club a great way to foster a true friendship with your business acquaintances that enjoy the out of doors, and a portion of your entertainment dollars are tax deductible. Third we find many avid sportsmen that just don't get enough hunting during the regular seasons, for them the hunting club provides an alternative for seven and a half full months of hunting.

In order to maintain the integrity, quality, and safety of the facility we do limit the total number of members at the club. At the current time our membership is full and we are starting a waiting list for the coming hunting season. We do want people on our waiting list that are serious about joining the club, this is why we are charging a \$100 deposit to get on this list. Please fill out the membership application on the back of this paper, include your five hundred dollar deposit, and you will be billed (less your deposit) automatically when a spot becomes available.

What ever your reasons for wanting to join a hunting club we hope you will consider our facility. Please read the information I have included in this packet, and if you have any further questions don't hesitate to call me

Yours for better hunting

Jeffrey D. Hughes
